

Exchange Forum on good practices to tackle intersectional discrimination and violence against women with disabilities

Join the Conversation on Intersectional Violence and Discrimination!

You are invited to a crucial event focused on a topic that demands our attention: intersectional violence and discrimination against women with disabilities.

The [CARE-INT](#) project is hosting an exchange forum and public round table to bring together European best practices and spark a dialogue on how we can better support and protect this group.

This is a unique opportunity to:

- Gain awareness of the unique challenges faced by women with disabilities.
- Learn from experts and exchange good practices with leading organizations.
- Contribute to the conversation and help shape a new knowledge sharing practice that will continue in future, to combat these issues beyond the event.

When: Wednesday, 17 September, 10 am - 1 pm

Where: Spinelli 1H1, European Parliament - Brussels

Organized by: CBM Italy, in collaboration with Fondazione Libellula, Fondazione IREA, Konig Willem I College, EDF, EASPD, Inclusion Europe, ENIL, and Ledha.

Join us as we work to define and strengthen the role of care professionals in preventing and combating this critical issue.

Agenda
